

i-Ready® Classroom Mathematics

Dear Families and Caregivers,

I am excited to share that Upper Township School District is implementing a new math program called *i-Ready Classroom Mathematics*. This program will help our district meet the unique needs of your student. Below are some resources to help you become familiar with the program and learn how you can support your student in learning math at home.

- Watch this [video](#) to learn about the *i-Ready Classroom Mathematics* program and get answers to the most common questions families ask about the program.
- Select your student's grade level to get to know the *i-Ready Classroom Mathematics* program and learn how you can support your student at home: [K-1](#) | [2-8](#)
- Visit the *i-Ready Classroom Mathematics* [Family Center](#) for additional support.

Please reach out if you have any questions or would like to learn additional ways you can support your student with mathematics at home.

Sincerely,

Danielle Procopio

Supervisor of Curriculum & Instruction
Upper Township School District
