The summary reports are meant to provide parents, educators, and communities highlights from the district, along with a high-level summary of how well a school or district is performing. We encourage you to use these reports to:

- **Learn more** about this school or district by viewing the detailed report. Use the link in the "Jump to" menu at the top right.
- **Start conversations** with school community members and ask questions. Use the one-page guides on the [Resources page](#) for suggestions.
- **Engage** with your school communities to identify where schools are doing well and where they can improve.

Important note for 2020-2021: The summary reports typically include information on student growth and assessment results. All statewide assessments were cancelled in spring 2020 and the New Jersey Student Learning Assessment was cancelled in spring 2021, so student growth and assessment results are not available for the 2020-2021 school year. We encourage you to visit the detailed reports to see all the data that is available for the 2020-2021 school year and view the ["Impact of COVID-19 on Data Availability"](#) resource for a summary of how all data was impacted.
