Spring 2019 New Jersey Student Learning Assessment for English Language Arts and Mathematics (NJSLA-ELA/M) Video Individual Student Reports (Video ISRs)

February 18, 2020

Dear Families,

The Upper Township School District is pleased to announce a new and innovative method for presenting parents/guardians with ISRs. This is in response to feedback from stakeholders during the two phases of outreach to the public conducted by the New Jersey Department of Education (NJDOE).

In addition to traditional paper ISRs delivered by schools, video versions of the ISRs are currently available via the online Parent Portal (https://nj-results.pearsonaccessnext.com/login). The video score report communicates information from the ISR through animations and a voiceover in New Jersey's top five languages: English, Spanish, Chinese, Portuguese, and Arabic. The portal will also allow for parents/guardians to track their student's scores from year to year, beginning with spring 2019.

The printed ISRs that were uploaded to Genesis and made available to parents/guardians in September of this school year include the **claim codes** that parents/guardians can use to access their child's performance results in the NJ Parent Portal. Parents or guardians must **create an account** on the parent portal and use the claim code provided on the student's ISR to add the results to their profile.

For additional support feel free to use the New Jersey Parent Portal User Guide when setting up your account to access the portal. Please feel free to call me at extension 2110 if you need further assistance. We are excited about the opportunity to strengthen our efforts to effectively communicate your child's performance on the New Jersey Student Learning Assessments with you. Thank you for your continued support.

Sincerely,

Ken Barth
